The local government review was initiated by Article XI, Section 9 of the 1972 Constitution and the first review was conducted in 1974. Required every ten years, the local government review election asks voters to decide if they want to elect study commissions to review their city and county governments.

other forms available under the laws of the state. The study commission members must write a report detailing their recommendations for changes to the local government.

The final report of the study commission is presented to the voters of the local government for approval or rejection. The report must be presented to the registered electors for a vote no later than the 2016 General Election (November 8, 2016).
