**Outside Sales Consultant**

The Havre Daily News is looking for an addition to our sales team. If you have print advertising experience, or knowledge, that's great. If you don't, but have enthusiasm, a positive attitude, solid people skills, professional appearance, some sales background, and you have an ability to learn, then we could train you to be successful in this field. In this position, you would work with local businesses; helping them design and run effective advertising campaigns. We offer a base salary. Plus a generous monthly commission plan of \$1,000 - \$1,500 or more, company benefits, and mileage allowance for your good-running vehicle. And best of all, you'll join a team of dedicated, fun-to-be-around professionals. Position Open Until Filled.

**Sample Instructions on How to Vote on an AutoMARK Voting System**

The AutoMARK is a ballot-marking system that will be in use during the upcoming election. Its main purpose is to allow voters with disabilities and other special needs to mark a ballot privately and independently.

If you wish to vote on the AutoMARK, please inform the election judge at your polling place that you would like to do so. The election judge will give you a ballot (with the stub removed) that will go in the machine. After the system accepts the ballot, the system will provide instructions on how to vote the ballot. In order to make the ballot easier to read, you can change the contrast and font size. You can mark your choices by touching the screen or by using the keypad, which features written and Braille markings.

The AutoMARK system will confirm your selections on the screen and by audio. After you verify that your selections are correct, the system will fill in your choices on the ballot and print the ballot. The ballot will then go to an election judge for depositing in the ballot box. If you need assistance at any time during the process, simply request it.

**The AutoMARK VAT consists of the labeled components shown in the picture below.**
