## NOTICES

### PUBLIC OPPORTUNITY TO PROTEST TRANSFER OF OWNERSHIP MONTANA ALL-ALCOHOLIC BEVERAGES LICENSE

Harvest Moon Lanes, LLC. (Member: Suener Springer) has applied to transfer Montana All-Alcoholic Beverages License No. 12-501-3393-001 to be operated at Hi-Line Lanes & Lucky Strike Casino, 1920 US Highway 2 East, Havre, Hill County. The public may protest this license transfer in accordance with the law.

**Who can protest this transfer?** Protests will be accepted from residents of the county of the proposed location (Hill), residents of adjoining Montana counties (Choteau, Blaine, Liberty), and residents of adjoining counties in another state if the criteria in 16-4-207(4)(d), Montana Code Annotated (MCA), are met.

**What information must be included?** Protest letters must be legible and contain (1) the protestor's full name, mailing address, and street address; (2) the license number (12-501-3393-001) and the applicant's name (Harvest Moon Lanes, LLC.) (3) an indication that the letter is intended as a protest; (4) a description of the grounds for protesting; and (5) the protestor's signature. A letter with multiple signatures will be considered one protest letter.

**What are valid protest grounds?** The protest may be based on the applicant's qualifications listed in 16-4-401, MCA, or the grounds for denial of an application in 16-4-405, MCA. Examples of valid protest grounds include: (1) the applicant is unlikely to operate the establishment in compliance with the law; (2) the proposed location cannot be properly policed by local authorities; and (3) the welfare of the people in the vicinity of the proposed location will be adversely and seriously affected.

**How are protests submitted?** Protests must be postmarked to the Department of Revenue, Office of Dispute Resolution, P.O. Box 5805, Helena, Montana 59604-5805 on or before November 28, 2016.

**What happens if the transfer is protested?** Depending on the number of protests and the protest grounds, a public hearing will be held in Helena or Havre. All valid protestors will be notified of the hearing's time, date and location. Hearings typically are scheduled within 90 days. A protestor's hearing testimony is limited to the grounds in the protestor's letter. Following the hearing, the Department of Revenue will notify the public whether the license transfer is approved or denied.

**How can additional information be obtained?** The cited MCA statutes are online at leg.mt.gov/bills/mca\_toc/. Questions may be directed to Dacia English, Compliance Specialist for the Department of Revenue's Liquor Control Division, at (406) 444-0728 or DEnglish@mt.gov.

## Legals

(Poplar River), 40R (Big Muddy Creek), 40S (Missouri River, Below Fort Peck Dam) and 41P (Marias River).

The purpose of entering the Preliminary Decree is to allow potentially affected parties to object to the rights described in the Decree. If the Court approves the water rights in the Decree, it will enter a Final Decree. The Final Decree will be binding on all water users in Montana.

### WHAT ARE YOUR RIGHTS AND OBLIGATIONS TO OBJECT TO WATER RIGHTS IN THE DECREE?

Your interests may be affected by the Decree. If you do not agree with the water rights in the Decree, you may file an objection to those rights and request a hearing before the Montana Water Court.

This will be your only opportunity to object to the water rights in the Decree. If you do not file an objection at this time, you will not be able to object in any other proceedings before the Water Court and you will be bound by any Final Decree when it is entered.

### RIGHT TO APPEAL

If you do not participate in Water Court proceedings, your right to appeal an adverse decision is limited. Section 85-2-235, MCA provides that: (1) A person whose existing rights and priorities are determined in a final decree may appeal the determination only if: (a) the person requested a hearing and appeared and entered objections to the temporary preliminary decree or the preliminary decree; (b) the person's rights or priorities as determined in the temporary preliminary decree or the preliminary decree were affected as the result of an objection filed by another person; (c) the person requested a hearing and appeared before the water court to finally resolve an issue remark, as defined in 85-2-250; or (d) the person is a claimant appealing an adverse decision when the water court issued the decision as the result of an evidentiary hearing or as the result of calling the claim in on the court's own motion. (2) The attorney general may appeal a determination made in a final decree if the attorney general participated as an intervenor as provided in 85-2-248. (3) An interlocutory ruling by the water judge upon a question of law may be appealed by any party who is affected by the decision and who participated in the matter in which the ruling was issued.

### WHAT YOU SHOULD DO

1. Review the abstracts in the Decree, as well as the Decree Indexes.
2. Decide if you want to file objections.
3. File your objections with the Water Court on or before the filing deadline identified below.

The Montana Department of Natural Resources and Conservation (DNRC) has not examined any of the claims in this Decree and these water rights appear as they were filed. Review the abstracts carefully. The Decree Indexes will help your review.

The Source Name Index lists all claims under the name of each source of supply.

The Point of Diversion Index lists all claims by point of diversion.

The Water Right Number Index lists all claims by water right number.

### SHOULD YOU FILE AN OBJECTION?

Only you can answer this question. To help you determine whether you should file an objection, you should examine the water rights in this Preliminary Decree and compare those rights with the claims that you have filed with the Water Court, the water right permits or certificates that you have received from the Montana Department of Natural Resources and Conservation, and possibly the other claims, permits, certificates, and reservations of water within the sub-basins where Turtle Mountain claims are located. All of the water right claims filed and all of the water right permits, certificates, or reservations of water that have been granted in the sub-basins are on record with the Montana Department of Natural Resources and Conservation. All documents can be reviewed during business hours at the following Montana Department of Natural Resources and Conservation, Water Resources Regional Offices:
